Christine and Jamie drove all the way from Norco and braved the cold. These girls have grit - no quit.

Pam and her crowd pleaser Winston. She drove 2 1/2 hours each way to be there - that is really something Pam.

Vincent who won in the Advanced Category.

Paula who has done a great job with Whizzie and took 2nd in the State CSHA Trail Trial Finals in Napa last year - they are becoming quite a partnership and I'm proud of them both.

Tony and Leslie who both stepped out of their comfort zones and did a great job on the course.

Don and Janet Moore - Don won the Intermediate Title on Super Nick!

Don also won the Eagle Scout award for building a fire - he saved the day!

Don and Janet who are the managers of Reed Valley Ranch will be featured on the 30 minute show America by Horseback shown on RFD-TV in April - so that is very exciting for them and the Ranch and will bring about National interest. We have always valued our friendship and connection to Reed Valley - its a special place due to Don and Janet's warm hospitality. They will be having an obstacle course fun day on that day so check their website for the dates - www.reedvalleyranch.com

A big thank you to Sam who took these great pictures and Elizabeth for all of her help.

Again - thanks for helping us Kick off our New Year by making our event a great time for great friends to share their passion. - You made the day!
